

Carivic Jacildo-Co, Principal Partner (LIM-GPI) and Learning Coach

Carrie has 20 years of experience as a Human Resources professional in various industries including two reputable billion dollar global companies. She was responsible for all major Human Resources functions in her last corporate assignment. Her skills in the field of succession planning, performance management and change management brought her to other Avon Asia/Pacific region sites to coach and train senior managers of Avon Corporation.

She is currently a LIM Learning Coach supporting development activities in the Philippines as well as across the Asia Pacific Region and is a consultant in the areas of human resource management, performance management, organizational analysis and re-design, change and transition management, building high performing teams, learning and development, leadership and team development. She also does consulting work in the field of behavioral coaching, review of HR systems and processes, personality development, customer service and personal effectiveness to start up companies and those in transition. She likewise spends time in community building efforts and in the formation of youth members in her community.

Carrie holds a M.A. in Organizational/Industrial Psychology from the Ateneo de Manila University and a B.S. in Psychology from the University of Santo Tomas. She has a certificate course in Human Resources Executive Development Program from the joint partnership of Avon Pacific and Cornell University. Carrie's strengths include being organized and results-driven, having good interpersonal relations and communication skills, and has a creative way of looking at different perspectives. Her behavioral science exposure allows her to relate well with people of different backgrounds. She is also fond of reading inspirational books and creative writing. Her experience and capability lies in organizational development, change management and communications as well as talent management and capability building through coaching and mentoring programs.
